(INDICATE ABOVE BY CHECK MARK NATURE OF REPORT, NOTICE, OR OTHER DATA)

Well No. 2 is located 785 ft. from N line and 2030 ft. from E line of sec. 36
36 (1/4 Sec. and Sec. No.) 403 (Twp.) 36 (Range) 36 (Meridian)
36-36 (Field) San Juan (County or Subdivision) Utah (State or Territory)

The elevation of the derrick floor above sea level is 4000 ft.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

Intend to drill approx 5710 feet Paradox (Anoth Field pay) test with rotary tools. Will drill approx. 100 feet of 17" hole and cement about 100 feet of 13 1/8" casing with 100 sacks, then drill to approx. 1270 feet with a 11" bit and cement 1270 feet of 8 5/8" casing with about 750 sacks. Drill out from under intermediate casing with a 6 3/4" bit to about 5710 feet then run about 5710 feet of 6 3/4" casing and cement with 250 sacks. The pipe will then be selectively perforated and acid treated for completion.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

Attention: Frank W. Podpechan, Partner

Gentlemen:

This is to acknowledge receipt of your notice of intention to drill Well No. Navajo 2, which is to be located 660⁷/₈ feet from the north line and 1980³/₄ feet from the east line of Section 36, Township 40 South, Range 24 East, S1E4, San Juan County, Utah.

Please be advised that insofar as this office is concerned approval to drill said well is hereby granted.

This approval terminates within 90 days if the above mentioned well is not spudded in within said period.

Yours very truly,

OIL & GAS CONSERVATION COMMISSION

Well No. 2 is located 785 ft. from N line and 2030 ft. from E line of sec. 36

NW 1/4, 36 (1/4 Sec. and Sec. No.) 40 S (Twp.) 24 E (Range) 31M (Meridian)
Arath (Field) San Juan (County or Subdivision) Utah (State or Territory)

The elevation of the derrick floor above sea level is 4686 ft.

DETAILS OF WORK

(State names of and expected depths to objective sands; show sizes, weights, and lengths of proposed casings; indicate mudding jobs, cementing points, and all other important proposed work)

Drilled 85 ft. 17 1/2" hole and ran 825 ft 13 3/8" 43# casing and cemented with 100 sacks - circulated. Tested under 1000 # pressure for 30 minutes. Water shut off. Drilled to 804 ft. with 11" hole and ran 804 ft. of 8 5/8" 24# casing and cemented with 250 sacks plus 80 sacks around top. Tested casing to 1000 # pressure for 30 minutes and shut off water flow at 600 ft. Drilled to 1600 ft. with 6 3/4" hole after encountering additional water flow at 1000 ft. Unable to shut off water flow without running additional casing and wish to abandon hole. Plan to set three plugs from 1587 to 1387, 744 - 644, in casing and surface plug in casing.

I understand that this plan of work must receive approval in writing by the Geological Survey before operations may be commenced.

Re: WELL NO. NAVAJO 2, 660 FNL
& 1980 FEL, Sec. 36, T. 40 S.,
R. 24 E., SLBM, San Juan
County, Utah

Gentlemen:

In checking your well log and notice of intention to abandon for the above mentioned well, we notice that the location on these two records and the location indicated in your notice of intention to drill dated March 2, 1960, do not coincide.

The notice of intention to drill shows this well to be located 660 feet from the north line and 1980 feet from the east line, Section 36, Township 40 South, Range 24 East, SLBM, San Juan County, Utah.

Your well log and notice of intention to abandon shows the location of this well to be 785 feet from the north line and 2030 feet from the east line, Section 36, Township 40 South, Range 24 East, SLBM, San Juan County, Utah. From this information it would appear that you have only skidded your rig 10 feet in order to drill Well No. Navajo 2A, located 785 feet from the north line and 2040 feet from the east line, Section 36, Township 40 South, Range 24 East, SLBM, San Juan County, Utah.

Please advise us of the correction in this regard.

Yours very truly,

OIL & GAS CONSERVATION COMMISSION

Cleon B. Feight
CLEON B. FEIGHT
EXECUTIVE SECRETARY

CBF:awg Gentlemen: Our first NID was in error and instead of 660 N 1980 E it should read 785 N and 2030 E of section 36, T 40 S R 24 E, San Juan County, Utah. Your copy of the survey will show this. I hope this has not caused you too much trouble.
Frank W. Podpechan
